“You have the most polite and helpful personnel I have ever dealt with in a Clerk’s office. They go out of their way to be polite and answer every question. As a taxpayer I really appreciate their great attitude. Thank You “ ~Gene

Tammy– “I just wanted to let you know about my positive experience with the Cleveland County Clerk’s office today. I called this morning for some assistance and spoke to Carrie Matthews, she was very helpful. She printed off a couple of documents for me and when I came by to pick them up, she made other helpful suggestions and assisted me in locating additional support documents. Carrie was very patient, professional and went out of her way to be helpful. I am sure that she is a valuable asset to your office. Thank You!” ~Mike Thompson

Tammy– “I was recently in your office to deal with the death of my father and his land holdings. The entire time I was there was an enjoyable experience thanks in large part to Brook Workmon. Brook handled everything I needed with professionalism and politeness. She is a reflection of your leadership in her service first attitude, positive appearance and knowledge. I wanted to thank you and her and let you know your staff, Brook in particular, did an outstanding job and I truly appreciate the excellent customer service. Thanks Brook!” ~Trebor Bosley
